**March 25-28: Ever Monaco 2010**

The fifth edition of Ever Monaco (International conference & exhibition) will be held on March 25 to 28,2010 at Forum Grimaldi in Monaco.

Theme: Ecological vehicles & Renewable energies

[Send to a Friend](#)

The event, as in previous years, will consist of **an exhibition designed for ecological vehicles, battery and car parts manufacturers as well as a special area for two-wheeled vehicles in addition to renewable energies and environmentally-friendly domestic solutions.**

**The scientific conferences** will provide international researchers, academics and industrialists in charge of development projects with an opportunity to discuss these various topics and share their experiences in the scientific, technical, commercial and social fields.

**Saturday morning will be devoted to panel discussions open to the public**, including on mobility moderated by Didier Laurent, Editorial Director for Argus magazine, with the involvement of various politicians and manufacturers, and on energy efficiency moderated by Patrice Drevet.

**In the afternoon, during two round table sessions facilitated by experts, the public will have the opportunity of finding out more about health issues related to the air and the environment.**
